Education Volunteer

The Marine Mammal Care Center Los Angeles (MMCC Los Angeles) is a year-round hospital for seals and sea lions located in San Pedro. The National Marine Fisheries Service depends on MMCC Los Angeles to carry out the important goals of the Marine Mammal Protection Act. MMCC Los Angeles operates with dedicated volunteers and staff working diligently to rehabilitate sick, injured, or malnourished seals and sea lions who are rescued on beaches from north of Zuma all the way to Seal Beach. The vital rehabilitation services and supportive fundraising and education activities can only continue when dedicated volunteers from all over Los Angeles adopt us as a favorite charity and donate their time and skills. MMCC Los Angeles is very grateful to volunteers who generously support our mission in animal husbandry roles, interacting with visitors and tour groups, selling merchandise, working events such as Mobile Visitors Center appearances in the community and Sea Lion Hospital Supply Drives, bringing friends and family to our hospital to view patients and learn about caring for seals and sea lions, and sharing social media and website posts to attract interest from new local residents.

As a non-profit organization, MMCC Los Angeles' primary funding is provided by individuals, charitable foundations, private businesses and corporations. There are various volunteer roles available to support our expanding program to make every resident in Los Angeles aware of our exciting work and encourage people to Buy a Seal a Meal, join as a member at one of our feeding levels, or donate in another way.
